

Cocktail Classes

Bellini's cocktail classes are an entertaining way to learn the art of "mixology". These classes are perfect for groups ranging from Hen's Parties and Birthdays to corporate incentives and social club outings.

You and your guests will get an inside look into the techniques and trade secrets used by world class mixologists in today's leading bars all over the world.

The Class:

You and your guests will be welcomed to Bellini with a cocktail, canapés and a tasting platter upon arrival. Your class will be hosted by Bellini's Head Bartender, who will teach you and your guests the art of "Mixology" as they create for you three of Bellini's famous cocktails. You and your guests will then have the opportunity to match your new "mixology" skills against each other as you make your own cocktail.

The class will take approximately an hour and a half.

The Cocktails:

You can choose three cocktails from the attached list for us to showcase in your cocktail class:

Canapés & Tasting Platter

Your cocktails will be accompanied by a selection of delicious canapés and a tasting platter prepared by the award-winning chefs from White. You can choose a selection of four canapés and one platter from the list attached.
